

## 1.7 Collection by a minor policy

The Preschool deems a minor as a person under the age of 16.

As the Preschool holds a duty of care over the children that we look after the Preschool does not advocate the collection of any child by a minor.

The Preschool understands that in some instances a Parent may be under the age of sixteen and therefore collection of that child will be allowed.

The Preschool takes no responsibility for who brings the child into Preschool however we advise that Parents ensure that the suitable person is over the age of sixteen and is responsible for the care of the child.

Collection by a Minor Procedure In any circumstance whereby a minor has been requested to collect a child the Preschool will; -

- Telephone the parents immediately to inform them of the policy.
- Request that the minor waits with the child in the setting until an adult is available.
